24. (Unclassified - DFM) LEGISLATION Talked to John Childers, Minority Counsel, Senate Government Operations Committee, regarding the question of congressional oversight of intelligence agencies. Childers informed me that he was drafting a letter for Senator Charles Percy (R., Ill.) to send to the Director regarding the Senator's proposed bill to modify the reporting requirements of section 662 of the Foreign Assistance Act of 1961. Childers still did not know when the bill would be introduced, but said he thought it would have to be referred to the Foreign Relations Committee.

✓ 25. (Unclassified - WPB) LEGISLATION Called J. Pierce Myers, Counsel, House Post Office and Civil Service Committee, concerning H.R. 9043, a bill requiring Federal agencies to experiment with flexi-time schedules. I told Myers I understood the Committee had adopted an amendment to the original bill which gave the Civil Service Commission a more salient role in approving experimental plans. I asked him for the language of the bill as it stood before the Committee at the present time. He said that they were still working on the language, that there was still some "fuzzy" areas, that the precise role of the Civil Service Commission was one of them, and that he would send me a Committee print as soon as they had completed the language.
